->Past Payment Page*

- > Shows Past Payment according to the month chosen
- > Can edit, remove or hide certain Payments
- > Can download Past Payments as a pdf

Once done, it directs you to the Money Management Home Page.

Overall Design Requirements:

- > Add required frames
- > Make all Frames scalable
- > Use card Layout for moving of Frames
- > Fix Frame connections

- > Use of feasible field validations
- > Use of required plug-ins

Databases

> DataBase : Customer_info

- **Table users:** name(varchar), Username(primary key), email-id (no dup values)(varchar), phone number(int), gender(char(1)), dob(date)
- **Table Login_info:** Username(Primary key)(varchar), Password(varchar)

> Database Money_management

- **Table E-bill:** Username(foreign key from Customer_info), Payment_date (date), Unique_Service_number(Primary key)(char), Amount (int), State(varchar), City(varchar), Residential Complex name(varchar), Meter_no (char)
- **Table Water-bill:** Username(foreign key from Customer_info), Payment_date (date), State(varchar), City(varchar), Resedential_Complex_name(varchar), Unique_Service_number(Primary key)(int), Amount (int)
- **Table Phone-bill:** Username(foreign key from Customer_info), Phone_number(int), Service_Provider(varchar), Payment_date(date), Plan_chosen (Boolean), Amount (int)
- **Table Wifi-bill:** Service_ID (int), Service_operator (char), Plan_chosen (Boolean), Payment_date (date), Amount (int)

> DataBase : Personal Care

- **Table Health_Tracker:** Username(foreign key from customer_info), Date(primary key), Sleep_Duration (int), Workout_Duration (int)
- **Table Rate_Health:** Username(foreign key from customer_info), Date(primary key), Health_Score (int)

- **Table Mood_Tracker:** Username(foreign key from customer_info), Date(primary key), Happy_Mood(Boolean), Sad_Mood(Boolean), Medium_Mood(Boolean)
- **Table mini_diary:** Username(foreign key from customer_info), daily_notes (varchar)

Overview

'Lifely' is a **Lifestyle Management Application** aiming at making everyday lives easier by segregating the most essential elements of a healthy and responsible lifestyle under one interface. Our two main features are:

>**Money Management** - A portal to pay off all the essential bills like phone, water, electricity, wifi, etc.

>**Personal Care** - A portal to track your daily habits (diet, workout, etc), your mood, your day and rate parts of your day.

Flow of the Program
